

VERTICAL 4 TRACK

Stacking Windows

Transform an unused place into your favorite space!

Designed by

CraftBilt
Materials Ltd.

Do you wish you could spend more time enjoying the beautiful outdoors?

Craft-Bilt's 4-Track Stacking Window System is a flexible solution for outdoor living. Easily slide the windows to stack up, down, or in the middle for refreshing breezes while keeping out the moisture, pollen, and insects. For a fully screened-in space, simply snap the windows out and relax or entertain without bugs.

Frame Colours

White Desert Sand Earthstone Black

Vinyl Film Tints

Clear

Smoke Grey

Bronze

Dark Grey

The 4-track system is a versatile, attractive way to add comfortable outdoor living. It's custom designed to fit the openings of your porch or patio and create a weather-tight enclosure to protect you and your furnishings

from the elements. Don't have a covered porch or patio? We'll add a durable patio cover or sunroom and fill it in with Craft-Bilt's 4-Track Stacking Windows, so you'll get more use out of your porch or patio from early spring through late fall.

BENEFITS

- Keep your home cooler and reduce glare
- Adjust easily – stack up, down, or in the middle
- Easy to clean with soap and water
